Appl. No. 10/622,244
Amdt. dated 10th Aug 2007
Reply to Office action of 06-Apr-07

AMENDMENT and RESPONSE

In response to the Patent Office examiner's Action mailed 06 April 2007, please amend the above-captioned case as follows. The undersigned encourages the examiner to call in an effort to aid in efficient prosecution.

Amendments to the Specification reflecting any suggested corrections *<none recommended>* to lend readability or clarity to the application, begin on page *<none>* of this correspondence.

Amendments to the Claims have been made; full listing of the first 14 claims, with claims 15 – 29 canceled hereby without prejudice, which begins on page 3 of this correspondence have been included.

No amendments to the Drawings are deemed necessary, as no suggestion or objection has been, yet, made to so amend.

Remarks/Arguments begin on page 8 of this correspondence.
